Personal

- Date of birth: 18 August 1957
Place of birth: Bóly, Hungary
Marital status: Married, 1 child László (1985)
Nationality: Hungarian
Address: Department of Pharmacognosy, University of Szeged
6 Eötvös Str. H-6720 Szeged, Hungary
Phone: 36-62-545 558, Fax: 36-62 545 704
E-mail: hohmann@pharm.u-szeged.hu
- Education: 2006. D.Sc. in Chemical Sciences (thesis: Isolation and structure determination of natural diterpenes), Hungarian Academy of Sciences, Budapest
2003. Habilitation in Pharmaceutical Sciences, University of Szeged, Szeged
1995. Ph.D. (15.697) Department of Pharmacognosy, Albert Szent-Györgyi Medical University of Szeged (thesis: *Isolation and structure elucidation of sesquiterpene esters from Celastraceae species*)
1980-1982. University doctor in Pharmacognosy (10/1982), University Medical School, Szeged (thesis: *Flavonoids from the roots of Amorpha fruticosa*)
1975-1980. M.Sc. in Pharmacy (44/1980)
Faculty of Pharmacy, University Medical School, Szeged
- Positions: 2007- Director of the Department of Pharmacognosy, University of Szeged
2004- Univ. Professor at Department of Pharmacognosy
2000-2004. Associate professor at Department of Pharmacognosy
1992-2000. Assistant professor at Department of Pharmacognosy,
1988-1992. University assistant at Department of Pharmacognosy
1987-1988. Developer engineer at Biogal Pharmaceutical Company
1982-1987. Research manager at Biotechnika Rt.
1980-1982. Research fellow at Department of Pharmacognosy,
University Medical School, Szeged
- Main research topics: Isolation and structure elucidation of biologically active natural products (alkaloids, terpenoids, aromatic compounds);
Natural products analysis – chromatography, spectroscopy
- Research projects: OTKA (F5128) Isolation of biologically active sesquiterpene esters from Celastraceae species, 1992-1994.
MKM (495) Isolation, structure elucidation and pharmacological evaluation of diterpenes from Hungarian *Euphorbia* species, 1996-1997.
OTKA (T022587) Isolation of biologically active diterpenes from Hungarian *Euphorbia* species, 1996-2000.
FKFP (0598/1999) Phytochemical evaluation of Euphorbiaceae

species of the Hungarian Flora: isolation, structure elucidation and pharmacological investigation of diterpenes, 1999-2000.

ETT (T-01211/99) Reversal of multidrug resistance of tumor cells by plant-derived compounds, investigation of antiMDR effect of diterpenoids isolated from Hungarian *Euphorbia* species, 1999-2000.

ETT (115 03/2001) Effects of Amaryllidaceae alkaloids on the growth of HIV-1 and mouse lymphoma cells, 2001-2003.

OTKA (T038390) Phytochemical evaluation of Hungarian Amaryllidaceae and Ranunculaceae species: isolation, structure determination and pharmacological investigation of biologically active alkaloids, 2002-2005.

NKFP (19/2005) Development of new broad-spectrum non-narcotic drugs for the treatment of inflammation and neuropathies 2005-2008.

OTKA (K72771) Isolation of natural terpenoids alkaloids and phenolic compounds with antitumor activity, 2008-2012.

Number of publications and presentations:	280
Number of papers:	82
Number of lectures and posters:	198
Cumulative impact factor:	97,8
Number of independent citations:	338

Affiliations:

Hungarian Pharmaceutical Society:

2005- President of Medicinal Plant Section
1997-2004. Secretary of Medicinal Plant Section
1979- Member of the Society

Hungarian Academy of Sciences:

2002- Secretary of the Working Group of Phytochemistry and Chemotaxonomy of the Committee for Botany
1996- Secretary of Pharmaceutical Section of Szeged Regional Committee of Hungarian Academy of Sciences
1996- President of Working Group for Pharmacognosy of Szeged Regional Committee of Hungarian Academy of Sciences
1990- Member of the Working Group for Flavonoidchemistry
2002- Member of the Section for Cultivation of Medicinal Plants of the Agricultural Committee

Others:

2002- Member of the Phytochemical Society of Europe
2008- Member of the Society for Medicinal Plant Research (GA)
2001- Member of the editorial board of the journal „Gyógyszerészet”

Honour: Széchenyi Professorship, Budapest 2000-2003.
